

Reflection Sheet: Nmbr9

Your Name: _____ Team Members: _____

1) Tactilizing: What I Noticed about the Tiles after Touching and Moving Them!

Here are all the playing pieces in Nmbr9:

a) Pick one or two pieces that were difficult to place. What made them difficult to place? Use drawings and words to explain.

b) Which numbers fit together well with no gaps? What are pairs of well-matched pieces? Use drawings (can trace the piece!) and words to explain.

2) Exploring Moves in a New Game!

- a) When adding a new piece to your board, what did you do with the piece to figure out how to find the best spot? Use **drawings** and **words** to explain.

- b) What is your strategy to have the least gaps?

Think about for next time: How are you going to place your pieces next time to increase your score from today's score?
